

Overview of Undergraduate Majors in Italian

Nine options! a **Major**, **Supplementary Major**, and **Honors Major** in each of two concentrations, plus a **Minor**, a **Major in Romance Languages**, and an **International Economics Major** (see separate sheet).

The **Literature and Culture Concentration** is for students who want the deepest immersion and proficiency in the language, and who wish to study great literature, cinema, and general Italian culture mostly in Italian. This concentration is recommended also for anyone contemplating graduate work in Italian.

The **Italian Studies Concentration** is for students who wish to craft their own program centered on Italy, with basic proficiency in the language, but with more flexibility and interdisciplinarity (courses taught in English).

Courses **20000 level and above count**; no more than two 20000 courses count (ROIT 20215 counts as two).

Lang/lit/culture courses are taught in Italian, and usually originate in the Italian program (ROIT). They generally focus on language, literature, cinema, and general Italian culture and civilization.

Italian studies courses are courses on Italian subjects taught in either English or Italian. They may be ROIT courses on literature, cinema, culture, etc..., but they may also come from other programs (with or without an ROIT listing), such as LLRO, Art History, History, Classics, Music, FTT, Architecture, Political Science, etc....
